Hello Troops:

Please see the attached flyer for Friday's LA City Council briefing on Modernization at LAX.

Start time is 2pm, and we hope to wrap it up by 4pm. This is going to be the first time for many of the City Councilmembers to receive a formal briefing explaining why moving the runway further north is not a factor for increasing safety. What is a factor is the increased traffic, pollution, and environmental impacts that would be caused by such an imprudent decision.

We need to show the rest of the City Council that we mean business and that we support our Councilman Bill Rosendahl, so we are asking that you please attend. Due to time constraints, we probably won't open the mic for public comment although there will be a place on the agenda for particular community members to represent our views as well.

Please let me know if you have any questions in the meantime regarding logistics, parking, or anything that comes to mind.

We can still do this!

-Nate
